

1. Enter Agility field. Collect stock (gather)
2. do protection & inspection of sheep
3. do catch & hold of sheep
4. Exit agility field via large gate. Dog must hold sheep while handler closes gate.
5. proceed between fence and C course pen towards B field, turn right and proceed between fence and "narrow graze" to white posts.
6. Turn at white posts and go between posts and then turn between posts and telephone pole (weaves).
7. turn and proceed OVER Bridge down pathway towards C pen.
8. Turn at C pen area, go to agility gate. Dog holds up sheep while gate is opened and then sheep put into Agility field.

INTERMEDIATE:

1. start at pen. Handler & dog enter pen.. Do protection/inspection of stock with dog. Open gate and exit pen with flock. Dog should hold flock on road while gate is shut.
2. Go down road to bridge. DRIVE thru bridge.
3. Continue down road to water tank. Stop flock.
4. Take flock around circular drive and stop at entrance to field on right.
5. Enter field and take flock to graze area. Catch & hold a sheep while dog contains flock.
6. graze (dog should manage flock so that they don't exit graze area, are calm enough to lie down or graze).
7. Leave flock and go to handler's post 150' away. Dog gathers flock.
8. Return via circular drive past water tank and gates,
9. Enter B field and proceed to B course panel 1 and drive panel.
10. Turn, exit field, turn and drive weave poles.
- 11 return via bridge to C pen and reopen.

Graze area, catch & hold.

Note, fence at top of image.

1. start at pen. Handler & dog enter pen. Do protection/inspection of stock with dog. Open gate and exit pen with flock. Dog should hold flock on road while gate is shut.
2. Go down road to bridge. DRIVE thru bridge.
3. Continue down road to water tank. Stop flock.
4. Take flock around circular drive
10. Return via road past water tank and gates, and into b field.
11. Turn right and go to far corner of field
12. sort out 5 head into alley.
13. Take remaining flock and proceed to B course panel 1 stop then drive panel, then turn, stop at panel 2, and drive stock thru panel 2. Enter graze area.
14. stabilize flock and graze in area around cone (dog should manage flock so that they don't exit graze area, are calm enough to lie down or graze).

15. Catch and hold sheep. Work at a distance – dog is left in charge of the flock while handler goes at least 100' to greet judge. – handler to continue on to sort gate at corner and call dog
14. Gather flock, then return out of B field. (note. Sheep were at fenceline. Outrun on the diagonal was approx. 480')
15. Turn left, negotiate Weaves, then cross bridge, return to pen.
