Luk and I are still having a successful and fun journey together. He will be 12 this year and we are still competing in: conformation, obedience, scent work, and his favorite of all, herding. Last year, we completed his Herding Advanced title in Sheep, and he earned his title in Started Ducks. We skipped intermediate in ducks and went straight to advanced, and Luk earned his first leg in Advanced Ducks! We will finish his herding advanced duck title hopefully this summer. Luk is the most loyal, devoted, and talented Belgian I have had in over 45 years. He is never far from my side, ever. I love this boy more than words can say. We have more to do.....

Bran is impulsive, friendly and always seems to have ants in his pants. Not necessarily ideal qualities in a competition dog, but he is the BEST partner ever and loves being part of the dance with me. This dance has taken many forms over the years starting with what was familiar to me, obedience and rally, and evolving into new types of partnerships in agility, nosework, trick dog and even some herding. Of these, Bran's favorite activity is nosework—the problem solving of the scent puzzle, many friendly volunteers and lots of treats! For me this has been the hardest dance for me to learn. Over the years we have used our dance skills in demonstrations in the crowds at MN State Fairs, for 3–4-year-olds at daycare centers and at the Wildlife Science Center. Bran's exuberant friendly nature is evident in his joy interacting with the audiences. And he loves the treats. At 13 years old Bran still loves the dance and we continue to compete in AKC and

NACSW nosework. The NW3 Elite title might elude us, but that is not our goal. What drives both of us is the dance--the shifting pressure and support between us, the communication, the flowing movement of the nosework search, the treats at the hide and the big smile on Bran's face when he looks up at me. He is the BEST partner ever.

Indee is my happy-go-lucky boy who surprises me at every turn. We rushed home from Anna's in March 2020, right before NM shut down for Covid. We trained at home for 6 months since even the parks were closed. Anna "suggested" we travel to TX in September although we had never been to a single class. We were tagged "comic relief" as he galloped around the ring and flopped in the red dirt for a belly rub. Although he kept having fun, he finished his Championship at 10 months old with only 7 times in the ring, his Grand Championship at 13 months old in March 2021 going BOSS at the TVBSC Specialty, then his Bronze in March 2022 at just 25 months old. A month later, he was awarded Select Dog at the BSCA National. Indee earned his AKC NOHS Bronze and Silver Certificates, two ROHBIS placements,

and finished the 2022 OH competition year as #2 OH Belgian Sheepdog. He also has several regular group placements. And we're still having FUN in the ring – which is what it's all about!

CeCe was the girl who was not supposed to stay, fortunately for me her initial home did not work out. She is such an amazing worker, excelling in everything she's taken on. She is a joy to do tending with, providing me with innumerable memorably beautiful times spent relaxing in the field with a flock of sheep. Thank you CeCe for all you do and all you give!

To say he is such a good boy is to do Grande a disservice. He is just always there, ready to do and try whatever I ask of him, whether it's just hang out, go with his co-owner to show and train, train with me, herd with me helping with farm chores, learn new herding styles, Grande is always ready to do whatever Brianna and I decide to ask of him

2022 was a great year for Aries! Being a Belgian that can do it all, he completed his Grand Champion, and an amazing OHBIS, Rally Advanced, Herding PT, Obedience CD, and is already running in Agility Masters class even though his very first agility trial was in May of 2022!! He so enjoys playing with other dogs, loves people, is always up for a ride in the van. He has been a wonderful addition to our pack. Can't wait to see what 2023 brings.

Rosy's nickname is "Rosy Posy". She loves to do agility and we are working on our MACH. She is not the fastest dog but is handicapped by a handler who cannot run very well. In 2022 we started competing in AKC Scentwork and finished her SWN and SWA titles. We also do AKC Fast Cat but her favorite thing is to snuggle in bed with me putting her head on my right shoulder/arm. She represents my 5th generation of Belgian Sheepdogs that I have put AKC agility titles on.

Bruce is my Novice A dog - agility, rally and obedience – and my fourth Belgian Sheepdog. I learned a lot from him and our great instructors in DC, Missouri, and now, Illinois. Bruce's training had many gaps (me having a baby, moving, him losing a toe, COVID), yet he always picked up where we left off! He is a clever boy, always enthusiastic about training, and a great family dog, enjoying storytime with his human brother every night.

Where do I begin? Paris was born on 7/23/19. A promising puppy and so optimistic about her potential, especially given the loveliness of her parents and quality of her pedigree. Little did we know she would have to wait to prove herself because the dog-show world shut down within a few months due to COVID. But prove herself she did, she made her show-ring debut at our 2021 BSCA National Specialty where she won the American-Bred class under Judge B Shelton. It was an exciting win, but we never could have imagined all she would go on to accomplish. In a whirlwind of just 16 shows, Paris finished her championship from the Bred-By Class, going BOB over specials with a Gr 2. The following weekend she was BOB at the BSCA Regional Specialty with another Grp placement and on Sunday, BOB with another Grp placement. Following up that weekend with six more shows and six more Grp placements and three Regional Specialty BOB wins, a Specialty BOW, and a Specialty BOS.

More than just beautiful, Paris is an intelligent and biddable worker who is training in Rally. She brings joy to our lives every day. Proud to say Breeder Owner Handled always. Lastly, Mark, All of this is possible because of you. We are Blessed.

Icey is a total love and goofball extraordinaire! I never expected to be on this journey to his RACH, but my journey with my dogs has been unpredictable! We started showing in rally and obedience when Icey was just a baby, earning his BN and RI by 18 months, then we took a break to get his Championship and Grand. We went back to obedience in early 2020, earning 2 CD legs (and a HIT). After the long break, Icey finished his CD at the 2021 Nationals, earning the Wizards Challenge Trophy. But he made it clear that he much preferred Rally, especially when there were stuffed toys on the course, giving him an excuse to have FUN and embarrass me! The RAE goal morphed into a RACH journey in late 2021. As of January 2023, Icey needs just one Triple Q and Master points for that RACH. Then back to obedience?? Who knows?

Puzzle continues to keep surprising me with her accomplishments. No matter what I ask her to do she is always willing to give it a try. Everything we have achieved has been earned through the past 10 years with limited showing . When we do compete we make it count. She definitely likes to be a working dog especially if all that work gets her a treat. She may be small but she is mighty!
